STAT

MEMORANDUM FOR:

RTMS Community Coordinator, TSD/PHD/AB

SUBJECT : OIA's Mensuration Equipment Requiring RTMS Support

1. In response to your memo (TSD/PHD-043/78) dated August 14, 1978, the following is a complete survey of the mensuration equipment that OIA expects to be supported by the new RTMS.

Mann 1740 Stereo Comparator (2)

McBain/Foster Mono Comparator (1)

McBain Hydrostatic Mono Comparator (1)

McBain Hydrostatic Stereo Comparator (1)

Link Mono Comparator (3)

2. In addition to these comparators a Calcomp Drum Plotter will be used to support any one of these devices at any given time.
